

Specification Change Notice

Products affected : Thermoelectric dehumidifier “BOXDRY”

Dear Customer,

We would like to inform you of an upcoming change to the above product for improvements in product quality. Your understanding and continued business are highly appreciated.

1. Affected models << BOXDRY 4 models >>

Forced air cooling type: F series	ODE-F110-AW	ODE-F122-AW
Natural air cooling type: N series	ODE-N103-AW	ODE-N105-AW

2. Description of change

- Forced air cooling type becomes CE mark compliant product.
(※Natural air cooling type does not correspond CE mark)
- Specification for Natural air cooling type changes accordingly as the components are used in common to forced air cooling type.
- Description of electric specifications

Contents	Model / Rated voltage	Before change	After change	
Rated power consumption	ODE-F122-AW	40W	50W	
	ODE-N105-AW	25W	15W	
Current consumption (Dehumidification ON)	ODE-F110-AW	100VAC	0.15A	0.20A
		240VAC	0.10A	0.15A
	ODE-F122-AW	100VAC	0.40A	0.70A
		240VAC	0.20A	0.40A
	ODE-N103-AW	100VAC	0.10A	0.15A
		240VAC	0.05A	0.09A
	ODE-N105-AW	100VAC	0.24A	※No spec change
		240VAC	0.12A	0.13A

3. Schedule for change

Starting from December 2019 as soon as present stock has run out.

*It may happen that the existing products and new ones will be shipped together during the beginning period of switchover.

4. Others

The model numbers, prices, product performance and dimensional drawing remain same.
Switchover time will differ by model depending on each stock condition.
