

Specification Change Notice

Products affected : Plugging bar (Model change)

Dear Customer

We would like to inform you of an upcoming model change of the following 6 products. It has been hard to distinguish each model number of our current plugging bar therefore, we engrave it on the current products and change them as new models. The engraving will also be done to newly added 14 products. (20 models in total)
Your understanding and continued business are highly appreciated.

1. Affected models

| Current model number | New model number | Applicable hole dia. (mm) | Environment for use | Color | Q'ty per package |
