

End-of-Sale Notice

Products affected: Optional parts for oil mist collector MISTCATCH Enclosure and Manual Motor Starter

Dear Customer

OHM Electric announces the end-of-sale for some of the optional parts for our oil mist collector "MISTCATCH" series due to sales termination of the surface mounting enclosure supplied by Fuji Electric, which also made us unable to continue a combined sale of the manual motor starters with it.

We appreciate your understanding and continued business.

1. Affected products
