

## Price Change Notice

---

Dear Customer,

We regret to inform you that we will be revising our product prices, effective August 1, 2026 as detailed below.

This decision comes as we are experiencing a continuous rise in raw material prices, as well as increasing logistics and energy costs.

Although we have made every effort to absorb these costs through productivity improvements and internal cost-reduction measures, it has become difficult to manage these increases solely through our own efforts.

We remain committed to improving our quality and service, and we sincerely appreciate your understanding and continued cooperation in this matter.

1. Affected product category

- Wiring accessories
- Climate control equipment
- Environmental solution - OIL
- Environmental solution – DUST
- Factory automation, Control devices

2. Effective date : From orders received on or after Saturday, August 1, 2026.

3. Requests regarding orders

- The current prices will only apply to orders placed by Friday, July 31, 2026, and delivered by Wednesday, September 30, 2026.
- The revised prices will apply to all deliveries on or after Thursday, October 1, 2026, even if the orders were placed on or before Friday, July 31, 2026.
- To avoid confusion prior to the price revision, orders for wiring parts at the current prices will be limited to your monthly average order volume from the previous fiscal year.
